RE: Detention Status.

I'm simply writing to thank you for your great Considerations. Although, the hearing did not go the way that I would have liked however, it went the way God would have wanted it. I really appreciate the fact that you took time to talk to Ms. Graham at General Motors on my behalf and the Courts. It really made me feel good sitting in Court on March 21, 2007 and hearing what you were saying pertaining to my detention, and knowing that you did all that was fair for me to go home to my family and work. So again, I thank you very much and God bless you!

Sincerely,

Wilfredo Merano Pinkston
